## SignPost™ Management System

This option is ideal for single user/single location publishing via USB or local network. The built-in media player works seamlessly with this software, which is easy-to-use and navigate.

- Schedule your content for any time
- Access our variety of templates
- Multi-zone display layouts

## BrightShow™ Cloud Management System

The BrightShow™ Management System is cloud-based and easily allows users to effectively communicate their message and manage any number of screens, all from one place!

- Manage an unlimited number of units from one place
- Remote access from virtually anywhere
- Multi-screen synchronization
- Display live web pages and RSS feeds

## Built-In Media Player and Software

All of Gallery Digital Displays come equipped with our built-in, solid-state media player and remote control.

HDMI USB
