## Two Easy-To-Use Content Management Systems

Managing your content is a breeze with the Gallery Management Systems. SignPost™ is a system ideal for single user/single location publishing through USB or local network. BrightShow™ Cloud Portal is ideal for multiple users/multiple locations with the ability to manage hundreds of locations. Both have rapid publish features.

### SignPost™ Management System: Primarily for Few Screens at Single Location

Our SignPost software allows users to easily and effectively communicate their digital messages. The built-in media player works seamlessly with our “Sign Post” software, that is easy to use and navigate!

- Easy-to-use – plug-and-play!
- Schedule your content for any time
- Access our variety of templates; Add images, videos and dynamic content
- Multi-zone display layouts

### BrightShow™ Cloud-Based Management System: Ideal for Multiple Screens at Multiple Locations

The BrightShow™ Portal contains a cloud-based management system that easily allows users to effectively communicate their digital message simply, and manage any number of screens, all from one place!

- Easy-to-use, cloud-based software
- Manage an unlimited number of screens from one location
- Remote access from virtually anywhere
- Add images, videos and dynamic content
- Multi-zone display layouts

Easy-to-Use Software

Unlimited Number of Displays

Access Virtually Anywhere

# Simple: Choose a Product Configuration.

Discover the versatile selection of high quality digital displays from kiosks to wall-mounts, video walls to outdoor plus customized solutions, too.

## Rugged HD All-In-One Systems

Available in Five Sizes, Horizontal or Vertical Mount

These rugged, wall-mounted 22", 32", 43", 49" and 55" displays provide high quality HD imagery and video presentations in a complete, all-in-one signage solution.

Crisp 1080P resolution produces bright, engaging messages for any venue. Powered by the easy-to-use BrightShow™ software, this is a complete media solution for any public space.

**All-In-One Touchscreens  
Are Also Available!**

## E Series Wall-Mount Displays

Horizontal or Vertical Mount, Thin Bezel

BrightShow™ E Series 32, 43, 49 and 55" slim bezel displays are a bright, powerful and economical system with crisp 1080P resolution, 16:9 aspect ratio, 178° viewable, LED backlit, for messages at any venue.

Powered by a built-in, all-in-one media player and easy-to-use BrightShow™ system software.

## Promoter Display Series

Horizontal or Vertical Mount,  
With or Without Mobile Stand

These versatile pedestal displays provide a vibrant HD solution for use vertically or horizontally. Crisp 1080P resolution produces bright, engaging messages for any venue. Displays available in 22", 32" and 43". Powered by the BrightShow™ software.

### Herald HD Kiosk Displays

These kiosks are 49", 1920x1080 resolution that play images, video, text and more. Preset templates and layouts included. Full calendar and daypart scheduling. Manage locally or via local LAN network. Upload media right from your network desktop, smartphone or tablet. Locking access doors. Slim, ergonomic design.

Elegant, powder-coated black steel and glass construction; perfect for hotels, banks, retail, restaurants, hospitals, lobbies and more!

### Extreme Outdoor Displays

BrightShow™ Extreme Outdoor High NIT Displays provide bright HD 1080p images and video, even when exposed to extreme outdoor elements. These fully-sealed, IP68 and IP-65 rated, sunlight readable displays are a solid solution for any outdoor application. Many configurations available: horizontal, vertical, side-by-side, back-to back, etc..

### Video/Media Wall

The "Big Picture" in digital display technology is the BrightShow™ Media Wall. Hi-bright, 500 and 700 NIT Micro Bezel Displays mesh seamlessly into an impressive video wall system in sizes from 2' x 2' to 8' x 8' and beyond.

### Media Players

All of our Digital Displays come equipped with our built-in, solid-state media player, available stand-alone for large displays.
